

Listing of Claims:

Claims 1-20. (*Canceled*)

1 Claim 21. (*New*) A method for facilitating recirculation of goods, said method
2 comprising:

3 providing a recirculation website;

4 receiving information regarding a good from a donor, the good being chattel property or
5 other physical item;

6 posting information regarding the good on the recirculation website;

7 receiving a request from a recipient for the posted good; and

8 facilitating transfer of the good from the donor to the recipient without any remuneration
9 occurring between the donor and the recipient.

1 Claim 22. (*New*) The method according to claim 21, further comprising classifying the
2 recipient within a predefined class and the donor within a predefined class.

1 Claim 23. (*New*) The method according to claim 22, further comprising determining
2 whether the predefined class of the recipient is eligible to request the posted good.

1 Claim 24. (New) The method according to claim 21, further comprising registering
2 recipients on the website and classifying the registered recipients and donors within predefined
3 classes.

1 Claim 25. (New) The method according to claim 24, further comprising identifying the
2 posted good to recipients of predefined classes previously ineligible to request the posted good
3 after a predetermined period of time in which the posted good remains available for retrieval by a
4 recipient member of a predefined class eligible to request the posted good.

1 Claim 26. (New) The method according to claim 21, further comprising classifying
2 recipients and donors in a predefined class for charity/non-profit organizations.

1 Claim 27. (New) The method according to claim 21, further comprising classifying
2 recipients and donors in a predefined class for business/individual entities.

1 Claim 28. (New) The method according to claim 21, further comprising classifying
2 recipients and donors in a predefined class for any entity.

1 Claim 29. (New) The method according to claim 21, further comprising soliciting the
2 donor to transfer the posted good to the recipient.

1 Claim 30. (*New*) The method according to claim 21, further comprising providing the
2 website with a homepage with links including BUSINESS, CHARITY, EVERYONE, EVERYONE
3 (CATEGORIES), BROWSE TO GET, FEATURED ITEMS, and URGENT REQUESTS.

1 Claim 31. (*New*) A system facilitating recirculation of goods, said system comprising:
2 a recirculation web server with a processor;
3 a recirculation website associated with the recirculation web server, the recirculation
4 website being a global repository of goods posted for recirculation, and for facilitating
5 recirculation of goods between donors and recipients without any economic remuneration
6 occurring between donors and recipients;
7 recirculation software carried on a computer readable medium;
8 wherein said recirculation software, when executed by the processor, causes the software
9 to carry out steps comprising:
10 receiving information regarding a good from a donor, the good being chattel property or
11 other physical item;
12 posting information regarding the good on the recirculation website;
13 receiving a request from a recipient for the posted good; and
14 facilitating transfer of the good from the donor to the recipient without any remuneration
15 occurring between the donor and the recipient.

1 Claim 32. (*New*) The system according to claim 31, wherein said recirculation software
2 further causes the processor to carry out steps comprising classifying the recipient within a
3 predefined class and the donor within a predefined class.

1 Claim 33. (*New*) The system according to claim 32, wherein said recirculation software
2 further causes the processor to carry out steps comprising determining whether the predefined
3 class of the recipient is eligible to request the posted good.

1 Claim 34. (*New*) The system according to claim 31, wherein said recirculation software
2 further causes the processor to carry out steps comprising registering recipients and donors on
3 the website and classifying the registered recipients and registered donors within predefined
4 classes.

1 Claim 35. (*New*) The system according to claim 34, wherein said recirculation software
2 further causes the processor to carry out steps comprising identifying the posted good to recipient
3 donors of predefined classes previously ineligible to request the posted good after a
4 predetermined period of time in which the posted good remains available for retrieval by a
5 recipient member of a predefined class eligible to request the posted good.

1 Claim 36. (*New*) The system according to claim 31, wherein said recirculation software
2 further causes the processor to carry out steps comprising classifying recipients and donors in a
3 predefined class for charity/non-profit organizations.

1 Claim 37. (*New*) The system according to claim 31, wherein said recirculation software
2 further causes the processor to carry out steps comprising classifying recipients and donors in a
3 predefined class for business/individual entities.

1 Claim 38. (*New*) The system according to claim 31, wherein said recirculation software
2 further causes the processor to carry out steps comprising classifying recipients and donors in a
3 predefined class for any entity.

1 Claim 39. (*New*) The system according to claim 31, wherein said recirculation software
2 further causes the processor to carry out steps comprising soliciting the donor to transfer the
3 posted good to the recipient.

1 Claim 40. (*New*) The system according to claim 31, wherein said recirculation software
2 further causes the processor to carry out steps comprising providing the website with a homepage
3 with links including BUSINESS, CHARITY, EVERYONE, EVERYONE (CATEGORIES), BROWSE TO GET,
4 FEATURED ITEMS, and URGENT REQUESTS.
